

Lester Buckley Horsemanship Clinic

A remarkable horseman; a rare opportunity.

Lester Buckley carries an international trainer's license in dressage and show jumping from the German FN and breeds and trains warmbloods in Germany and Kentucky.

But what makes Lester different is that he combines this **classical European training** with mastery of "natural horsemanship", acquired through his work with Ray Hunt and his years of experience in colt-starting, ranch and cutting horse training.

Lester achieves harmony with horses regardless of discipline or breed. He's an engaging and effective teacher who helps people and their horses work as true partners.
